

# SAFETY DATA SHEET

	1. Identification		
Product identifier	DM-FLUID-100,000CS		
Other means of identification			
Sales Code	0282S2		
Recommended use	Fluids,Modified silicone fluids Damper oil , Resin modifier , Defoaming agent , Polishing agent , Release agent , Lubricating oil , Hydraulic oil		
Recommended restrictions	Industrial use only.		
Manufacturer/Importer/Supplier/	Distributor information		
Name Address Contact Telephone Number Fax Number Emergency Phone Number	Shin-Etsu Silicones of America, Inc. 1150 Damar Drive, Akron, OH 44305 USA Regulation compliance group +1-330-630-9860 +1-330-630-9855 Chemtrec: +1-800-424-9300 (Within US) Chemtrec: +1-703-527-3887 (Outside US)		
	2. Hazard(s) identification		
Physical hazards	Not classified.		
- Health hazards	Not classified.		
Environmental hazards	Not classified.		
OSHA defined hazards	Not classified.		
Label elements			
Hazard symbol	None.		
Signal word	None.		
Hazard statement	Not available.		
Precautionary statement			
Prevention	Not available.		
Response	Not available.		
Storage	Not available.		
Disposal	Not available.		
Hazard(s) not otherwise classified (HNOC)	None known.		
Supplemental information	None.		
HMIS® ratings	Health: 1 Flammability: 1 Physical hazard: 0		
	3. Composition/information on ing	redients	
Substances			
Chemical name	Common name and synonyms	CAS number	%
Dimethylpolysiloxane		63148-62-9	100
	4. First-aid measures		
Inhalation	Under normal conditions of intended use, this ma	aterial is not expected to b	e an inhalation hazard

Skin contact	Wash skin with soap and water.	
Eye contact	Rinse immediately with plenty of water for at least 15 minutes. Get medical attention if irritation develops and persists.	
Ingestion	Rinse mouth. Get medical attention immediately.	
Most important symptoms/effects, acute and delayed	Not available.	
Indication of immediate medical attention and special treatment needed	Treat symptomatically.	
General information	Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.	
	5. Fire-fighting measures	
Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).	
Unsuitable extinguishing media	Do not use a solid water stream as it may scatter and spread fire.	
Specific hazards arising from the chemical	By heating and fire, harmful vapors/gases may be formed.	
Special protective equipment and precautions for firefighters	Firefighters must use standard protective equipment including flame retardant coat, helmet, gloves, rubber boots, and self-contained breathing apparatus.	
Fire-fighting equipment/instructions	Move containers from fire area if you can do so without risk.	
	6. Accidental release measures	
Personal precautions, protective equipment and emergency procedures	Wear appropriate personal protective equipment.	
Methods and materials for containment and cleaning up	Eliminate sources of ignition.	
	Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Use a non-combustible material like vermiculite, sand or earth to soak up the product and place into a container for later disposal.	
	Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.	
	Never return spills in original containers for re-use.	
Environmental precautions	Prevent further leakage or spillage if safe to do so. Avoid discharge into drains, water courses or onto the ground.	
	7. Handling and storage	
Precautions for safe handling	Provide adequate ventilation. Use care in handling/storage. Do not breathe mist or vapor.	
Conditions for safe storage, including any incompatibilities	Keep container tightly closed. Store in a cool, dry place out of direct sunlight. Keep in original container.	
	8. Exposure controls/personal protection	
Occupational exposure limits	No exposure limits noted for ingredient(s).	
Biological limit values	No biological exposure limits noted for the ingredient(s).	
Appropriate engineering controls	Provide adequate general and local exhaust ventilation. Provide eyewash station.	
Individual protection measures,	such as personal protective equipment	
Eye/face protection	Tightly sealed safety glasses according to EN 166.	
Skin protection Hand protection	Wear protective gloves.	
Other	No special protective equipment required.	
Respiratory protection	If ventilation is insufficient when heating use chemical respirator with organic vapor cartridge.	
Thermal hazards	Wear appropriate thermal protective clothing, when necessary.	

General hygiene considerations

Wash hands before breaks and immediately after handling the product. Handle in accordance with good industrial hygiene and safety practice. This product can generate formaldehyde at approximately 150 °C (300 °F) and above in the presence of air. Formaldehyde is a skin and respiratory sensitizer, eye and throat irritant, acute toxicant and potential cancer hazard. So, use adequate ventilation or wear protective equipment such as gloves, goggles, organic vapor respirator or protective clothing when this product is heated at approximately 150 °C (300 °F) and above in the presence of air.

## 9. Physical and chemical properties

Appearance	
Form	Liquid.
Color	Colorless. Clear.
Odor	Odorless
Odor threshold	Not available.
рН	Not available.
Melting point/freezing point	No data
Initial boiling point and boiling range	No data
Flash point	> 201.2 °F (> 94 °C) Closed Cup > 572 °F (> 300 °C) Open Cup
Evaporation rate	Negligible (Butyl Acetate=1)
Flammability (solid, gas)	Not available.
Upper/lower flammability or exp	losive limits
Flammability limit - lower (%)	No data
Flammability limit - upper (%)	No data
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Negligible ( 25 °C )
Vapor density	Not applicable
Relative density	0.98 ( 25 °C )
Solubility(ies)	
Solubility (water)	Not soluble (<1 ppm)
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	ca.400°C (752°F)
Decomposition temperature	Not available.
Viscosity	100000 mm2/s(25 °C)
	10. Stability and reactivity
Reactivity	No hazardous reaction known under normal conditions of use, storage and transport.
Chemical stability	Stable at normal conditions.
Possibility of hazardous reactions	Hazardous polymerization does not occur.
Conditions to avoid	None known.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	Thermal breakdown of this product during fire or very high heat condition may evolve the following hazardous decomposition product: Carbon oxides and traces of incompletely burned carbon compounds. Silicon dioxide. Formaldehyde.
	11. Toxicological information

#### Information on likely routes of exposure

Ingestion

No significant effects are expected.

Ecotoxicity	None known.	ination
	12. Ecological infor	· ·
Further information	presence of air. Formaldehyde is a skin toxicant and potential cancer hazard. So	e at approximately 150 °C (300 °F) and above in the and respiratory sensitizer, eye and throat irritant, acute o, use adequate ventilation or wear protective equipmen espirator or protective clothing when this product is ) and above in the presence of air.
Aspiration hazard	Not available.	
Specific target organ toxicity - repeated exposure	Not available.	
Specific target organ toxicity - single exposure	NOT available.	
Reproductive toxicity	Not available. Not available.	
Not listed.	Natavailable	
	ed Substances (29 CFR 1910.1001-1050)	
Carcinogenicity	No carcinogenicity (Estimated by similar	
Germ cell mutagenicity	Negative(Bacteria) (Estimated by similar	
Skin sensitization	Not available.	
Respiratory sensitization	Not available.	
Respiratory or skin sensitizatio	n	
Serious eye damage/eye rritation	EYE-RABBIT : No eye irritation (Estimated by similar product)	
Skin corrosion/irritation	SKIN-RABBIT :No skin irritation (Estimated by similar product)	
LD50	Rat	> 5 g/kg (Estimated by similar product)
Oral	5.4	
Acute		
Dimethylpolysiloxane (CAS 63148	3-62-9)	
Product	Species	Test Results
Acute toxicity		
Information on toxicological eff	ects	
Symptoms related to the physical, chemical and toxicological characteristics	Not available.	
Eye contact	No significant effects are expected.	
Skin contact	No significant effects are expected.	
Inhalation	No significant effects are expected.	

Ecotoxicity	None known.
Persistence and degradability	May cause decomposition in dry soils. (Estimated by similar product)
Bioaccumulative potential	No bioaccumulation (Estimated by similar product)
Mobility in soil	Not available.
Other adverse effects	Not available.

# 13. Disposal considerations

**Disposal instructions** 

Follow applicable Federal, State and Local regulations.

# 14. Transport information

#### DOT

Not regulated as dangerous goods.

### IATA

Not regulated as dangerous goods.

## IMDG

Not regulated as dangerous goods.

	15. Regulatory information	
US federal regulations	This product is not known to be a "Hazardous Chemical" as defined Communication Standard, 29 CFR 1910.1200. All components are on the U.S. EPA TSCA Inventory List.	by the OSHA Hazard
OSHA Specifically Regu	llated Substances (29 CFR 1910.1001-1050)	
Not listed.		
Superfund Amendments and	d Reauthorization Act of 1986 (SARA)	
SARA 313 (TRI reporting	3)	
US state regulations

Disclaimer	A number of potentially serious health effects can result from aerosol inhalation of this product. Take preventive measures such as controlling size of generated particle, ventilation, and respiratory protection when using this product in spray application. Please contact nearby sales representative for further information. This information is offered in good faith as typical values and not as a product specification. No warranty, expressed or implied, is hereby made. The recommended industrial hygiene and safe handling procedures are believed to be generally applicable. However, each user should review these recommendations in the specific context of the intended use and determine whether they are appropriate. This product has been designed, manufactured and developed solely for general industrial use only. This product is not designed for, intended for use as, or suitable for, medical, surgical or other particular purposes. Users have the sole responsibility and obligation to determine the suitability of this product for any application, to make preliminary tests, and to confirm the safety of this product for their use. Users must never use this product for the purpose of implantation into the human body and/or injection into humans.
